

EPIC® M12L/K Contacts

Contacts with multiple slots and conductor cross-section marking, for EPIC® POWER M12L and M12K power connectors.

Not all contacts are the same! To make sure that the miniaturised power connector EPIC® POWER M12L and M12K to do its job properly, long-lasting contacts are required that make maximum contact at the connector and keep contact resistances low. Et voilà, here they are!

Made in Germany

With improved contacting due to multiple slots.
Clear marking of the maximum conductor cross-section prevents incorrect assembly.
With corrosion-resistant gold coating for low contact resistance and long product life.
Suitable for conductor cross-sections up to 2.5 mm².

For use with EPIC® POWER M12L and M12K circular connectors.
