

EPIC® SOLAR 4 GEN2 Kontakte

We stay connected. This is definitely the case with our pin and socket contacts for the EPIC® SOLAR 4 GEN2 solar connectors. The crimp contact provides maximum contact reliability between the contact and the cable, and establishes a vibration-resistant connection. Suitable for conductor cross-sections of 4.0 – 6.0 mm² and automated assembly.

1.5kV

Crimp contact ensures maximum contact reliability between the contact and the cable and establishes a vibration-resistant connection.

Suitable for conductor cross-sections from 4.0 to 6.0 mm².

Large packing unit with 2500 contacts on a roll makes fully automated connector configuration possible.

For use with EPIC® SOLAR 4 GEN2 solar connectors.
