

EPIC® DATA FFC-LC-Connector

Optical data connectors suitable for quick and easy field assembly

Optical data connectors suitable for quick and easy field assembly

The field-terminable LC connectors for GOF optical fibres are prepared, tested, and ready for installation on site straight from the factory

FFC-System (Fibre Fast Connect) for easy and fast termination even in limited spaces. Complex process steps, special tools, and a lab environment for termination are not required

Connectors can be assembled up to 3 times, making them flexible for various application

For the creation of a pluggable fibre optic connection

For use in backbone network areas

To be used for cabling buildings and data centers

For use in control cabinets

For use with the EPIC® DATA FFC-LC assembly accessoires and the EPIC® DATA FFC-LC starter kit

Serial numbers on each connector ensure complete traceability

refractive index gel for consistent and excellent optical performance

LC connector end faces according to DIN EN IEC 61754-20

LC 1.25mm ferrule diameter

Terminable to 0.25 - 0.9mm fibres or 2 - 3mm cables

1.7mm-2.1mm

7+

Available in PC, UPC, APC polish types

Compatible with OM3/4 and OS2 fibres
